Pattern V-Notch Sheets

Architectural Privacy

Patterned V notching adds visual depth to ezoBord sheets and brings harmony and control to acoustically demanding spaces.

Panels

Panels

A Screen not to be Seen

Panels are acoustically effective, customizable, decorative and recycled. Easy to install, our specialized design teams provide top-notch solutions, endless creative possibilities that ensures superior acoustical performance.

Hoody

A Safe Haven

Retrofittable Modular Desk Divider System. Instantly transform your open plan office space into individually separated, quiet workspaces with the modular Hooded Desk divider system nicknamed "Hoody".

Ezo Print

Enliven your Walls

EzoPrint adds depth and texture to any wall, improves acoustical comfort in any space, brings practicality and style to any architectural work. You can transform your environment with prints of favorite building materials, abstract designs or your own brand.

Desk Screen System

Desk Screens are a great way to absorb sound, add privacy, color and style in any open plan work space. Desk Screens enhance speech intelligibility making every office space a better place to work in.

Obi Mobile Office Divider

Instant Privacy

Obi Mobile Office Dividers are a great way to instantly absorb sound, add privacy, color and style in any open plan work space. Obi Mobile Office Dividers add color and shape and design while helping in controlling room acoustics and are tackable.

BuzziDesk FlipFlop

Flexible & Fun

Retreat to a private space with this moveable and foldable desk divider. Pull it from the wall and instantly create a more personal space in open areas and flex offices.

BuzziFrontDesk

Tone it Down

Don't barricade yourself in enclosed spaces. This noise-reducing front panel for desks will safeguard your privacy in open areas whether at home or at work.

BuzziDesk

Office Frontiers

Carve out your own space with this desk-dividing screen. It keeps out unwanted noise so you can better focus while staying connected with colleagues.

BuzziJet

BuzziHat

Hats Off

Be bold and bright like this playful acoustic pendant lamp. It is cartoon-like on the outside, but high-tech under the hood. The result—sound absorption and functional lighting in one.

BuzziBell

It Rings a Bell

This noise-absorbing pendant light steals the show in every space. It is a diffused functional LED light housed in a bold bell shape. Match your lighting with the other furniture to experience its power.

BuzziPleat LED

Light & Silence

Remarkable craftsmanship generates these large architectural folds that maximize surface and deliver exceptional acoustic performance. The dimmable warm light gives BuzziPleat LED an even greater sense of depth.

BuzziProp

Propel Bright Ideas

Let your mind travel to uninterrupted places far away. This noise-reducing pendant light helps take care of that, balancing sound for improved focus and concentration.

BuzziMoon

The Bright Side

A beautiful design conceals the technical features that make BuzziMoon unique. This diffused downlight in an acoustical solution offers the best of both worlds for general lighting in noisy surroundings. A variety of fabrics and three-dimensional patterns add to the sphere's visual impact. An opaque diffuser gives BuzziMoon its namesake "full moon" appeal.

BuzziShade

A Shade of Light

Prevent eavesdroppers from hearing your private conversations and reduces external noise levels to a minimum. This noise-reducing pendant accommodates the demand for both sound absorption and light.

BuzziLight Mono

Soft shadows
soft sounds

Meet this lightweight sound-absorbing light with its own character. It is an acoustic, decorative pendant light made of a single layer of BuzziFelt.

BuzziBlinds

Bola Felt

Making its Presence Felt

BuzziFelt is the perfect decorative material for absorbing sound in the office as well as at home without losing sight of the tactile factor and design. It consists of 100% upcycled plastic bottle waste, materials that are both good for the planet and acoustics.

Work Zone Divider

Together Apart

Work Zone Divider is one of the most convenient solutions for open plan spaces that need privacy, acoustical comfort and style. Installed easily, Work Zone Dividers define visual boundaries for offices, create niches in public spaces and function as sound barriers for settings require speech privacy.

BuzziFree

Free from Distractions

Looking for a moment of peace and quiet? Easily screen off distractions and divide workspaces or public spaces with this mobile and acoustic room divider.

BuzziFalls

Elegant & Bold

Create a layer of privacy with this collection of floating, decorative panels which offer artistic style with acoustic benefits. They will help reduce sound transfers and mitigate high tones such as ringtones along with typing and clicking sounds.

BuzziScreen

A Screen not to be Seen

The folding screen has come back into fashion with a bang! Its playful character and its flexibility will definitely steal the show in your room while balancing undesired sounds.

BuzziFrio

Acoustic Pick

Bring a touch of humor to your workspace with this set of three free-standing room dividers with playful shapes. Balance sound within your space while creating different zones.

BuzziCactus

A Touch of Western

With this charming room divider you can combine no less than three factors: sound absorption, design and a surface you can stick pins onto.

BuzziFalls Standing

Fold it in & out

Create a layer of privacy with our playful room divider available in a free-standing folding screen. Partition your space with these decorative panels, which offer artistic style with acoustic benefits.

BuzziTotem

A Silent Pillar

Meet this playful freestanding acoustic pillar, our peak acoustic performance solution. It is a moveable, fabric-covered column, which acts as a fun play on the traditional architectural detail.

BuzziPlant

Plant Gang

Layer in bold greens in your interior to create a nature-inspired environment! This free-standing acoustic panel not only brings the outdoors in, but minimize distractions from your neighbors too.

Hush Phone

Knock out Work

Comfort and ease of use HushPhone's ergonomic armrest, motion sensor light, and glass paneling make it easy-to-use and comfortable.

Hush Twin

The High Environment

HushTwin is made by two conjoined pods, each with their own sofa, desk, lighting, and ventilation. It's larger than hushPhone but smaller than hushWork; both 'halves' provide the essential amount of space to work — no more, no less. For teams who need multiple private work areas in their small office, hushTwin delivers in its efficient use of space.

Hush Work

Focus Within Easy Reach

HushWork is an ideal space for deep work. With ample power sockets and strong wifi signal, connection is never lost, interrupting concentration.

Hush Meet. Open

A Space for Free Thinking

It's time we design our office spaces to abate sensory overload. Design must account for the fact that we're all battling distraction. It must encourage and protect focus, so we can all reach our potential. We simply can't afford to lose productivity to unthoughtful, inflexible design.

A-11 Arm Chair

Modern Elegance

All combines modernity with elegance. Its cylindrical form attracts attention as its upholstered, properly profiled back gives the sine ergonomic support. The comfortable lounge chair's frame is a high-quality plate supported by a stable four-point swivel aluminum base.

Hush Meet

Energized Meetings

Soundproofed collaborative work pods provide the ideal acoustic environment for teams to hold vibrant, energized meetings without concern over bothering colleagues.

Hush Meet L

Ideal Acoustics Through the Finest Details

HushMeet.L is made by conjoined modules. a team can simply add or remove these modules to expand or scale down the pod and modify their layout without creating any waste, disruption, or cost — all within one workday. Because hushmeet.L is built for change, it adapts by design.

Hush Work Sit & Stand

Energized Meetings

Soundproofed collaborative work pods provide the ideal acoustic environment for teams to hold vibrant, energized meetings without concern over bothering colleagues.

Framery O

Ideal for One

Framery O is ideal for important calls or video conferences. Have your discussions in privacy without disturbing your colleagues. The pioneering office phone booth delivers an echo-free and comfortable working environment. Installation is fast and the pod is ready to be used the same day it's delivered.

Framery Q

Superior Sound Insulation

The Framery Q office pod is a perfect, soundproof place for people to have meetings, brainstorming sessions and important one-on-one conversations in private without disturbing the whole office – or the office disturbing you.

Framery 2Q

The Full Size Meeting Room

The Framery 2Q meeting pod is designed for 4-6 people, making it the ideal place to co-create, brainstorm and have meetings. Our superior sound insulation system ensures that your meetings won't disturb the office – and the office noise won't disturb you.
