Lookbook

Royyo

Practicality
meets
Elegance

Royyo adds an elegant flair to any space with its pleasing circular design. Available as a desk lamp, floor lamp or pendant light, its minimal silhouette houses complex inner technology for a marriage of form and functionality.

Cielo

Classic & Minimal

These classic pendant lamps can be suspended individually, in a series, or as a chandelier to cast warm, even illumination. The larger the grouping, the bolder the display and the more striking the silhouette.

Bola Disc

Uniquely Expressive

The Bola Disc LED pendant system pairs elegant opaline glass with a distinctive range of chromated disc reflectors that mirror its surroundings, giving the illusion of weightlessness. Available in four distinct sizes, Bola Disc can be suspended individually, in series, or as striking chandelier groupings.

Sub Pendant

Simplicity with Variety

Boasts a minimalist profile and emits a soft, warm glow. This allows the pendant to function as both an ambient light and task light for surfaces below. Sub is available as a single pendant or striking circular configuration of 3 or 6 pendants.

Grid

Japanese Inspired

Grid conveys a sense of lightness and weightlessness. Its orderly structured frame of natural wood or clear acrylic louvers focus warm, ambient, glare-free LED light downward. Suspend Grid individually or in linear groupings to create stunning configurations of light and shadow.

Swell

Elegant & Flexible

Formed from spun aluminum, Swell features 3 shade designs that pair fluid lines with a radiant brass interior. They can be mixed and matched to create dynamic groupings for the office. The efficient LED lamps suspend individually, as a chandelier, or as a flowing string of lamps connected to a single power source.

Z-Bar Pendant

Contemporary Style

Unique and customizable pendant fixture that can connect and float according to your preferences. Without compromising energy efficiency, the modular LED light bars can be fashioned into the shape needed to best illuminate your space. Choose from one of the many standard configurations or build your own using the dedicated web app.

Buzzi Moon

The Bright Side

A beautiful design conceals the technical features that make BuzziMoon unique. This diffused downlight in an acoustical solution offers the best of both worlds for general lighting in noisy surroundings. A variety of fabrics and three-dimensional patterns add to the sphere's visual impact. An opaque diffuser gives BuzziMoon its namesake "full moon" appeal.

BuzziShade

A Shade of Light

Prevent eavesdroppers from hearing your private conversations and reduces external noise levels to a minimum. This noise-reducing pendant accommodates the demand for both sound absorption and light.

Belmont

Light for Life

Belmont has a reductive, yet iconic form that creates a natural canvas for an exquisite array of shade textiles, while solid oak details create a sense of fine hand-craftsmanship. The fully dimmable LED lamp casts both direct and indirect light to bring comfortable warmth and sophistication to any social setting for up to 50,000 hours.

Bola Felt

Playfully Alluring

Bola Felt features an opaline glass diffuser topped with a charmingly expressive, felted, conical shade with two undulating layers of colored wool, offering both warmth and excellent acoustics. Use Bola Felt individually or in spectacular groupings to create a lasting impression in any social space.

Tube Top

Magnetic Personality

Playing with traditional form, Tube Top combines a transparent, sculpted acrylic base to support its lightweight mesh shade intension, allowing the shade to appear to float freely while providing a warm glow of ambient LED light.

Ramen

Elegant Playfulness

Suitable for indoor or outdoor use, this unique sconce will brighten its surrounding environment with both elegance and playfulness.

Z-Bar Wall Sconce

Direct the Light

It can be utilized to highlight artwork or a mirror. Mounted solo, it can be appreciated as its own work of modern art. It can be hung horizontally, vertically, even diagonally on a wall or ceiling. The slim LED bar is rotatable, allowing users freedom to direct the light.

Clamp

Wherever you
Need it

Designed for simplicity and engineered for sustainability, Clamp desk and floor lamps combine the beauty of North American hardwood with the brilliance and energy efficiency of LED technology. Components work together to provide 360 degree adjustment, while focusing warm, diffused light where it's needed—from private offices to touchdown spaces and reading rooms.

Contour

Intelligent & highly Efficient

The slender extruded aluminum frame of Contour lighting captures warm, fully dimmable, and glare-free illumination. It also serves as a resting place for belongings. Highly efficient, the LED array has a 50,000 hour rated lifespan. Contour features a woven fabric or premium hardwood interior, as well as a USB charging port.

Lana

Magnetic Personality

A fusion of craft and advanced manufacturing, Lana attaches to metal surfaces via a unique magnetic LED module. The shade can also adapt from table, wall, and floor standing applications to complement a variety of settings with 360 degrees of rotation and unlimited height adjustment. Full-range dimming, a touch-sensing switch, and light level memory add to the features that give Lana its ultimate flexibility.

Tube Top

The Right Light

Playing with traditional form, Tube Top combines a transparent, sculpted acrylic base to support its lightweight mesh shade intension, allowing the shade to appear to float freely while providing a warm glow of ambient LED light.

Contour

Light with a View

Contour's revealing and elegant open framed architecture captures warm LED illumination within a remarkably slender extruded aluminum structure. Intelligent and highly efficient, Contour's minimalist design has been refined to the bare essentials, creating a rich interior space for your personal belongings while providing an unobstructed view of its surroundings.

Super Light

Super Slim Design

Seemingly gravity defying, Superlight has a playful design with the appearance of near weightlessness. Its full three-axis range of motion at each joint and fluid motion in every direction afford easy positioning of warm, glare-free LED light exactly where you need it.

Tube Top

Multiple Uses

Playing with traditional form, Tube Top combines a transparent, sculpted acrylic base to support its lightweight mesh shade intension, allowing the shade to appear to float freely while providing a warm glow of ambient LED light.

Giraffa

Playfully Intelligent

Friendly and functional, Giraffa's versatile design is at home anywhere, curled up with a book, atop a nightstand or on your desk.

Uma

Tote Anywhere you Go

Enjoy warm LED lighting and 360-degree high-fidelity surround sound at the office, in a collaboration area, conference room, or social space. Control music selection and volume via Bluetooth from any mobile device. Every UMA lantern includes both a tan and a grey leather strap and a premium cotton travel bag for additional protection.

Circa

Redefining Illumination

Revolutionary yet familiar, Circa table, floor, and pendant lamps shed balanced ambient light in an infinite number of positions. With a 45° shade tilt and 360 degree shade rotation, the circular, flat-panel LED disc moves fluidly above its axis point. It illuminates with just a touch for 3 levels of intensity. A USB charging port is integrated into both the floor and table versions. Perfect for versatile lighting in the office.
